Get Gaming got my PS3 back in action so fast that I didn't lose my spot on the - Paul C., Orlando leaderboard!

My Xbox 360 had liquid spilled on it and stopped working. I thought I would have to buy a new one, but Get Gaming was able to fix it for me for less than half the price of a new one! - Tanya P., Seminole

Best customer service around! They were super helpful and knowledgable. I had a great experience! - Greg B., Pine Hills

&SPECIALS

Today's gaming consoles do much more than just allow you to play games. They are often times the centerpiece of a household's entertainment. HD movies, music, social networking and internet connectivity are just a few of the things these machines can do. Due to that fact, and the fact that the cost of these advanced machines is considerable, it can be much more affordable to have yours repaired than it is to replace it. That's where we come in!

We service all of the major brands and specialize in not only the most common problems that can occur on each system, but can provide comprehensive repair as well. Check out Our Services page for more detailed informatoin, or click on the button below to schedule service online and recieve \$5 off the cost of your service!
